WINTER OUTDOOR SKILLS AND KLONDIKE COMPETITION

Welcome back to the days on the Northern Frontier! Join us on our winter scouting event and competition; The Klondike Derby - a series of outdoor activities to test your scouting skills and teamwork. Patrol Teams of ‘Frontiersmen’ will travel from town to town on the Yukon trail to participate in a variety of competitive events, using scorecards to keep track of their score at each town. Some events are time-based; some are based on creativity and teamwork. A station in each town will test the patrols on their teamwork, winter camping skills, scouting knowledge and problem solving ability. Each patrol must bring a musher sled to carry their gear and personal equipment. Patrols will move from town to town using a grid map and compass. Sleds are subject to inspection. In addition to competition events, there will be many fun side activities.
